## **STTANS' PROGRAM STATEMENT**

Our mission statement: To offer families and children the greatest experience and the highest quality of care while in the care of our professional early childhood educators.

Our vision: We are devoted to the art of caring. Our focus at STTANS centers on children learning through play and family's needs with socialization as a priority.

Our values: We will act with integrity and value and protect our relationships. Our efforts will be the best that we can offer.

## **PROGRAM GOALS & APPROACHES**

St. Thomas the Apostle Nursery school has set forth the following goals and approaches: to plan and create a positive learning environment and to support each individual child's needs. We are confident in our program's ability to develop your child's sense of belonging, well-being, engagement, and expression. We are certain your child will meet all four foundations identified in "How Does Learning Happen" as set out in Ontario's pedagogy for the Early Years.

For more information regarding "How Does Learning Happen?" please see this website: <http://www.edu.gov.on.ca/childcare/pedagogy.html>

## **PROGRAM GOALS:**

### **1. To promote the health, safety, and well-being of the children.**

- We establish safety inside and outside meeting the children's needs and emotions.
- We encourage the children to walk inside and enjoy running when they are outside; we set up our rooms daily for the children's success via their interests; we put out materials in a way that the children will not trip or fall.
- We cover all open plugs to keep safety a priority.
- We assure the children can be physically active outside within our We provide the children with age-appropriate playgrounds to establish their physical active time is met.
- We establish a foundation for healthy eating by offering the children their choice of snack and how much they would like to have at each sitting.
- We help the children to self-regulate and choose their activity. We strive to have children manage their own emotions.
- We create many stimulating, safe environments to choose from. We expand on the children's interests when noticing they are having questions about subjects. We assist when needed.
- Staff familiarize themselves with each child's file to sign any plan that is in place for allergies or restrictions. We also ask families for a picture of their child, providing new staff a way to recognize children.

## *St. Thomas the Apostle Nursery School Parent Handbook*

### **2. We support positive and responsive interactions among the children, parents, and staff.**

- We foster a sense of belonging and ownership in our childcare center. We do this by sending newsletters, emails, posting pictures and antidotes to elicit questions from families. We have many parent volunteers that help with fundraising ideas and a board of directors that oversees the programs.
- We have special get-togethers throughout the year for family inclusion.
- We endorse the connections between family and educators by ensuring we greet the children every morning, being attuned to the child's feelings and responding appropriately.
- We offer our assistance when warranted with children, ensuring we are available for play.
- We keep routines flexible so children will feel in charge of what is happening next.
- We develop policies and procedures for staff to adhere to within the child care modernization act.
- We integrate elements in our program to warrant children to feel valued by documenting their work on the walls etc. We display their artwork and quotes within our center.
- We take pictures of the children while participating in activities to encourage deeper connections.
- We offer options for play if the child is struggling to interact; we help facilitate an activity alongside or with another child.
- We have activities ready for the children to explore.
- Invitations to play are set up in each room.
- We give an authentic response about a child's activities throughout the day, promoting a conversation through child and family.
- We collect and display family photos of staff, children, and families. We add this to our daily play by displaying on walls, blocks, toys in rooms and hallways.
- We model and mentor children with other children and staff realizing they are co-learners.
- We use other ways of communication other than words; touch of the hand, eye-to-eye communication, pictures etc. Considerations we, as educators, use are family beliefs/cultures and holidays.

(How can we ensure all families are being included in the center consistently?)

- Have we explored all that is available to our center's families?
- Did we have an emphasis on the positive?
- Did we offer open-ended questions to children, so they feel involved?
- Did we use reflective practice of "What did this offer today", "Why did this not work?"
- What could we have done differently?"
- What outcome were we expecting and what happened?"
- What was the purpose?"
- Did we give attention to the positive and not the negative?"

## *St. Thomas the Apostle Nursery School Parent Handbook*

### **3.Ways in which we encourage the children to interact and communicate in a positive way while supporting their ability to self-regulate:**

- We provide opportunities to support the children in our center; we do this by providing children with many activities and materials to choose from; we recognize all children have different interests and respond differently in situations.
- Educators observe, inquire, and provide feedback to children and families.
- We observe and document what the children's interests are while offering open-ended resources.
- We communicate directly with parents via email, and in person when this is available.
- We provide open ended questions to children so the children can make their own choices and decisions.
- We offer photos to invite to play ("pictures of real items not cartoon pictures").
- We allow enough time and flexibility of time for children to regulate their beginning and ending of activities; we often extend snacks while children finish their activity or "save" their plans thus creating a sense of belonging.
- We prepare the environment for success; if we have challenges (running, throwing, not able to line up etc.) we problem solve to see what will work easier, ensuring a sense of success not failure with the children and groups.
- We step back to observe rather than "policing".
- We do not interrupt children's play, we observe.
- We make a welcoming space for the children.
- We make outside time interactive; we offer the same experiences outside that we have inside; animals, cars, books, etc.
- We offer an electronic on-line service for parents and families so we can communicate what the children are doing throughout their time with us, often giving quotes of the children.
- We use a communication log, a general logbook.
- We make story boards throughout the center.
- We fundraise for items on the center's wish list.
- We invite parents to events.

### **4.Ways in which children foster their ability to explore play and inquiry:**

- We offer a variety of activities! Children may choose what they would like to play while we provide new experiences.
- Children choose their playmates.
- Children choose how long they would like to play in various areas.
- Children are exposed to play in all areas.
- Staff encourage self-motivation and self-regulation by offering words to the children and by asking children questions etc.

## *St. Thomas the Apostle Nursery School Parent Handbook*

- The educator follows the child's lead for experiences and expands on those, e.g.: If children are interested in Farm animals one day, we may ask the child about their experiences with seeing farm animals, then post pictures of the animals that they have seen. We may add a carpet for grass or add people, food, or other farm related items for children to expand their imagination and knowledge. Snacks could consist of items that are from farm animals.
- Children develop their senses via the many activities simultaneously in our areas of play: art, sand, water, gross motor, dramatic, music, puzzles, fine motor etc.
- Children explore their knowledge and vocabulary with other children their age while in our programs.
- Staff will expand the child's language by facilitating dialogues between the children.
- Children are always encouraged to mediate and solve dilemmas.
- Staff set up the room considering the children's interests while expanding the children's knowledge base. The staff take the position as the co-learner, knowing the children are competent and capable.

### **5. We provide a child-initiated and adult-supported experience every day for the children in our center.**

- We do this by letting children choose the toys they explore with inside and outside, ensuring to change the toys as the children's interests change.
- We provide a variety of items that are accessible inside and out.
- We provide the children with children sized toilets and sinks to support positive experience while training.
- Snack time is also self-regulated by children by choosing what they would like to have for snack.
- We set the rooms up so the children can choose their activity. For example, we offer a variety of puzzles, books, crafts, sensory and gross motor activities every day. The children may choose which activity they would like to be in then choose when they would like to move to another activity. An educator remains with each activity for facilitating the play. The children may ask for help to complete a task, as the educator is always available to assist.

### **6. We plan for and create positive learning environments and experiences in which each child's learning and development will be supported.**

- We do this by setting up activities to encourage independence.
- We introduce ideas and expand on the ideas creating knowledge-based learning.

### **7. We incorporate indoor and outdoor play as well as active play; rest and quiet time into the day and consider the individual needs of the children in our care.**

- We do this by providing a well- rounded day with the children that has the flexibility to ensure that the individual needs of the children are met.
- We provide opportunities to go outside and offer play materials outside an hour in the morning and the same in the afternoon.
- We also provide active areas in the rooms with the appropriate equipment for the children to choose from.
- We ensure we have quiet areas in all the rooms for the children to choose if they need to.
- We also provide "down time" after lunch where the children may choose a variety of fine motor activities or group activities to relax.

## *St. Thomas the Apostle Nursery School Parent Handbook*

### **8. At St. Thomas the Apostle Nursery School, we foster the engagement of the ongoing communication with parents about the program and their children.**

- We do this by documentation with pictures with activities and writing what is happening in the picture, ensuring to post for parents to ask questions or comment on with their child.
- We write quotes of what the children say throughout the day.
- We post documentation in the hallways for parents to view during pick up, drop off or anytime throughout the year.
- We plan and facilitate gatherings throughout the year for families to join with children and staff, offering conversation starters about the program and what we are doing with the children.
- We plan an annual family run and year end BBQ.
- We offer many resources to parents to sign up and receive ongoing communication from our program and staff.
- We offer monthly calendars and newsletters via email.
- We also communicate ongoing with parents during drop off and pickup, giving some positive feedback regarding their child's success within our program!

### **9. St. Thomas the Apostle Nursery School involves local community partners and allow these partners to support the children, the families, and staff.**

- We are inclusive by asking parents/community member volunteers to bring their ideas to our center via our Board of Directors or by invitations to help create an atmosphere of community.
- We have had painting parties in our playground, planting flowers and vegetables, leaf raking, volunteering with the children, speaking to the children about their jobs and careers; we even had a parent share her pregnancy with our preschool group!

### **10. We support staff or others who interact with children in our care.**

- We have supported professional learning for all staff but also share professional learning with families via email, via information boards in our center, Google drive and print outs!
- Our budget allows for staff paid leave and pays for workshops.
- We encourage all staff to continue reflective practice of their days, their strategies, and challenges.

### **11. We document and review the impact of strategies on children and families by sharing stories, pictures and quotes via our electronic on-line service portal and we ask for feedback anonymously and on our website.**

- We have parent feedback forms along with parent surveys.
- We have parent reps on our Board of Directors, encouraging all families to be part of our open meetings.
- We keep minutes of our meetings and review for the following meeting month and year.
- We also do plans via feedback from surveys for the year.

**Our program statement is a living document that changes as the program evolves along with children, staff, families, and the community.**

## ADMINISTRATION

Volunteer members of St. Thomas the Apostle Church started the Nursery School in 1968. Since that time, in response to the demand for childcare in the Alta Vista area, it has grown into a nondenominational and community based licensed child care center. The program and daily operation of the school are the responsibility of the Executive Director.

Celebrating our 50th year in 2018, we began the process of expanding our programs from nursery school only to full day preschool options as well as kinder/school age options! In 2021 we opened our full day infant program. Currently (2023) , we have spaces for 10 infants, 14 toddlers, 24 preschool children, 44 kinder/school age children and 30-part day Nursery School children. We have grown since our opening in 1968!

## OVERVIEW OF PROGRAM OPTIONS

### Program Curriculum

The curriculum for each program is explored daily through “How Does Learning Happen” pedagogy. Parents are invited to sign up to our “electronic on-line portal” account and view pictures of their children with documentation. Flexibility, however, is a key component to the programming and any new learning opportunities that arise are readily incorporated into the curriculum. These activities are developmentally appropriate for each of the different age groups and incorporate child-directed activities and educator-directed activities. Children choose from activities in the gross motor area, the arts and crafts area, the dramatic play area, the science area, and the fine motor area. During the structured circle time, the teachers incorporate letter and number recognition, singing, instruments, finger plays, stories, and games. Our Educators focus on ensuring we treat each child as capable and competent individuals. We firmly believe in children’s choices and ensure to help them through self-regulation.

### **Infant Program**

Our infant program is in our large room with a washroom, so our infants' educators do not have to leave the program. The educator/child ratio is 1:3 and there is a maximum of 10 children per group. The educators have lots of innovative activities planned with the children throughout their day with us. We have a separated nap area with cribs, sleep sacks and a calming sound machine. Our educators take the infants for walks or enjoy our soft surfacing playground made especially for our infant program. Infant families are required to pack their own morning snacks, lunch, afternoon snacks, milk/formula to be kept in the classroom fridge daily. Infants are introduced to different foods and different eating styles and different ages that our program could not adapt to. When registering in our infant program, your child may become of age to "graduate" to toddler; however your child will move to the toddler group as soon as our programs allow. Our center follows a process that is mandated through the city of Ottawa and keeping with good business practices. The fees charged in the infant room do not change with the age of your child, the fees charged are proportionate to the staff to child ratio needed to meet our Ministry of Education regulations.

### CANADA WIDE EARLY LEARNING AND CHILD CARE PROGRAM

## St. Thomas the Apostle Nursery School Parent Handbook

STTANS is proud to announce that as of October 31st, 2022, we have signed our contract and are enrolled in the Canada Wide Early Learning Child Care Program (CWELCC).

The CWELCC Program is designed to:

- give families access to more affordable and high quality child care options
- help lower child care fees for parents of children under the age of six
- increase child care spaces
- support the child care workforce
- support inclusive child care

Upon entering into the CWELCC program, and signing our contract with the City of Ottawa, STTANS agreed to charge families the approved City of Ottawa Daily rates.

**Base fees as of March 31, 2022** were as follows:

As detailed in the above “Fee Policy and Refund” Section of the Parent Handbook, there are also non-base fees that apply at STTANS as well.

These non base fees include:

- \$90/child, non-refundable registration fee
- \$40 NSF cheque fee
- \$40/child/month late payment fee + additional excess late fees
- Late Pickup Fee (detailed in the following section)

### **LATE PICKUP POLICY**

Depending on the program your child is enrolled in; parents/guardians are asked to plan sufficient time to dress their child, collect the child’s clothes, artwork, speak to a staff member (if necessary) and leave the Center by program end time.

If the parent/guardian is aware that they are going to be late, they should call/message the Center through HiMama to advise staff of this, and of their plan to pick up their child/ren.

Due to the operational and staffing costs incurred when a parent/guardian is late, a **late pickup fee** will be charged.

### **Late Pickup Fees Schedule is as follows:**

- From program end time the fee for being late is: **\$10.00 for the first 5 minutes then \$1.00 per minute until an hour has passed.**
- If late three times in any eight-week period, the family faces removal from the Center. If this happens you will be asked to come to a board of directors meeting for a decision of suspension or dismissal from our program.
- The classroom tablet will be used to determine the late payment. A parent/guardian’s watch or phone time will not be considered.
- Late fees are to be paid immediately (prior to your child’s next day of attendance), they will be posted to your child’s online payment portal account.

## St. Thomas the Apostle Nursery School Parent Handbook

- If an hour has passed and we have not heard from you or we have not been able to reach you or your emergency contacts, we will call Children's Aid Society for clarification of next steps.

Staff on duty will complete a late fee payment form, which is to be signed by the parent/guardian. By signing the form, the parent/guardian acknowledges that they are late and agrees to the amount due. If a parent fails to sign and comply with this policy upon pick up, there will be a meeting set with a supervisor and/or director prior to their child's next day of attendance to STTANS.

This policy will be reviewed with all staff annually and the staff will sign to demonstrate they have read and understood the policy.

**Inclement weather:** Our school may be closed due to severe weather conditions/ power outages. Our staff will call and or email families. Our staff will also make the necessary arrangements to post school closures when applicable on our doors and as well as any or all sources of electronic media utilized by our school. \*No refunds will be given for unforeseen closures.

**Infectious Disease Closure:** Our school may be closed due to infectious diseases; this is to keep our center's ability to ensure the safety of the children, educators, and families. COVID is only one of the possible pandemics that may affect our ability to be open. \*No refunds will be given for unforeseen closures.

### NOW WE ARE READY TO INTRODUCE YOUR CHILD TO THE PROGRAM

This may be your child's first experience in a group setting on their own. Children react differently to separating from their parents and/or caregiver. Our goal is to make your child's

## *St. Thomas the Apostle Nursery School Parent Handbook*

entry into the program as comfortable and positive as possible. The following suggestions may help the transition into the program for both you and your child.

1. Explore the environment together. Allow your child to hold your hand and walk around the center looking at the activities. As your child becomes more comfortable, begin to move away. If you station yourself in one area, your child will know where you are and will begin to explore from the secure base that you provide.
2. If your child would like to participate in an activity, join in if your company is requested
3. Some children prefer to watch other children at play. In this case, sit down with your child and talk quietly about what you are seeing. Please do not pressure your child to join in. Participation will come when your child feels comfortable
4. When your child appears happy and comfortable feel free to leave. Please say goodbye to your child and inform an educator that you are leaving
5. Sometimes a child will cry for a few minutes after a parent leaves the room. If you are concerned about this, please wait in a nearby area where we can call you if necessary. The teachers are aware of and are sympathetic to separation anxiety and are willing to help guide you and your child.
6. Experience has taught us that starting school is less confusing if the children are phased in gradually. You will be notified in August when your child is to begin. Plan to spend some time integrating your child into the program, slowly if necessary. Some children will be fine if you leave after the first visit, others will need more time.

### **ARRIVAL AND DEPARTURE / ATTENDANCE AND ABSENCE**

The door for our preschool and toddler wing has a security code and door bell. Parents are instructed to ring the doorbell upon arrival, wait for an educator to ring you in, proceed to your child's classroom door, wait for an educator to greet you and complete hand off at the classroom door.

The Infant room also has a security code to their room. Parents are instructed to knock on the door upon arrival, wait for an educator to answer the door and complete hand off at the door.

Please notify the school before 9 a.m. if your child will not be attending school that day. A brief message can be sent via our online portal to your child's classroom.

Parents are responsible for their own children until they leave them in the care of an educator. The child is the responsibility of the parent immediately after he/she is picked up from school.

Furthermore, parents are always responsible for any child who accompanies them into the school and is not currently enrolled with STTANS.

Please pick up your child on time. A child waiting after the other children have gone may cause your child to become upset. The staff also has additional duties to perform before they return to their own families. The teachers cannot release your child to a stranger. If someone unknown to the teachers is picking up your child, the school must be notified in writing and the person must provide a picture I.D.

### **SCHOOL COMMUNICATION**

## *St. Thomas the Apostle Nursery School Parent Handbook*

STTANS distributes monthly newsletters and calendars. The newsletter informs the parents about the program and upcoming events. This information is emailed at the end of each month to save on the use of paper.

Daily information that needs to be relayed to the teachers can be sent via our on-line portal. We have ongoing communication with parents via email, face to face as well as designated electronic on-line platforms.

### **SLEEPING REQUIREMENTS FOR CHILDREN IN CARE**

Parents must be advised of the following policy.

With regards to children who regularly sleep on the premises:

- Parents will be consulted respecting a child's sleeping arrangements at the time the child is enrolled and at any other appropriate time, such as at transitions between programs or rooms or upon a parent's request. Parent requests will be on the sleep chart. Parents check their sleep chart daily.
- Children must be assigned to individual cribs (infant) and individual cots (toddler and preschool). All cribs or cots must meet Canadian Safety Standards.
- Staff must be in the room during sleep or rest periods.
- Children must receive visual checks by Educators/EAs every 30 minutes.
- Visual checks require the Staff to be physically present beside the child while the child is sleeping.
- During visual checks the Staff must look for indicators of distress or unusual behaviors.
- There must be sufficient light to conduct the visual check.
- Observances of any significant changes in a child's sleeping patterns or behaviors during sleep must be communicated to parents and the Executive Director/Program Supervisor.
- Noted changes will/may result in adjustments to the way the child is supervised during sleep.

All visual checks must be documented. The documentation charts include:

1. Visual checks must be done physically beside the child every 30 minutes.
2. Time child went to sleep.
3. Time child woke up.
4. Staff must look for indicators of distress/unusual behavior and note it on a chart.

**Legend: S – Sleeping, R – Restless, A – Awake**

### **POTTY TRAINING POLICY**

When you feel your child is ready for Potty training, it is important to have a discussion with your child's educator and create a plan before your child begins their Potty training at childcare. Potty training is something that you will begin teaching at home. We will follow through and encourage your child while they are in our care. Daily communication between parents and STTANS educators is very important. Depending on the age of your child, and the classroom that your child is currently attending (Toddler Or Preschool), our Potty-training expectations will vary.

# St. Thomas the Apostle Nursery School Parent Handbook

## Regardless of age or group

- Your child must be kept in a diaper, pull-ups, or vinyl training pants until they have been successful at STTANS for two consecutive weeks.
- Your child must be showing signs of readiness and be able to recognize the feeling of needing to urinate and/or have bowel movements.
- Staff will never have a child sit on the potty unless the child is willing.
- Staff cannot wash out soiled clothing per regulations set by the Ottawa Public Health and Occupational Health & Safety. They are required to put soiled clothing in a plastic bag for you to take home daily.
- Parents are required to supply the diapers/pull-ups or vinyl training pants and extra clothing (including socks) and extras please :) Children will need to be developmentally able to pull down and pull up their clothing to use the washroom on their own.
- We will put a pull-up or diaper on your child during naptime and outside playtime until your child is fully trained, an educator would bring in an appropriate number of children to allow for ratios to be met when children need to use the washroom, or the educator would contact the office staff (if available) to come as staffing support when a child needs to go indoors to use the washroom.
- Plan, work together with your child's educator, parents should communicate with your child's educator throughout the potty-training process, this is the best way to ensure success.
- If your child regresses, which can be normal, we can meet and revise the plan if needed.
- Due to Health and Safety, especially for sanitary reasons, we cannot continue to support training in underwear if accidents persist daily. Training needs to be progressive.

## Potty Training in Toddler

- When your child starts to show signs of being ready to Potty train (telling you they are wet, asking to sit on the potty, being dry for extended periods of time, let us know!)
- Please keep in mind that the high activity level here at the Center may distract your child from responding to the urge to use the potty more so than at home.
- Staff in the Toddler room will start by encouraging your child to sit on the potty every time they do a diapering routine.
- Staff will assist your child with pulling up and down pants and pull ups, if needed, children who are potty training should wear clothing that is easy for them to pull down and up themselves.
- Staff will encourage Toddler aged children to wipe themselves, but will also assist to ensure proper cleanliness and hygiene.
- Staff will wear gloves when assisting a child to wipe, and will wash their hands after assisting each child. They will also ensure that the children practice proper hand hygiene by supervising their hand washing routine, ensuring they use soap and wash thoroughly.
- Children will not be put in underwear full time until they have demonstrated the ability to control their bladder both in the classroom during play, and outside in the yard for a full two-week period accident free.

## *St. Thomas the Apostle Nursery School Parent Handbook*

- The reason that the Toddler educators cannot support children wearing underwear full-time and having multiple accidents throughout the day are because of sanitary reasons, and maintaining our educator to child ratios: if accidents must be cleaned up, children will need to be cleaned and redressed while the other children in the group are still in need of learning through play, each action needs an educator.

### Potty Training in Preschool

- Preschoolers who are ready to Potty train have the ability to perceive events that are going to happen before they happen.
- At home, parents can allow their Preschoolers constant access to the bathroom. At STTANS, we are prohibited by licensing regulations to allow a child to go to the washroom unaccompanied, and also must maintain our ratios at all times. As a result of this, Preschoolers need to learn that they must tell the educator when they have to use the washroom before they go.
- It is imperative that a discussion be had, and a plan be put in place with the Preschool Educators before a potty-training process begins at STTANS with your preschool child.
- When your child shows signs of being ready to start potty training, the Preschool staff will begin by encouraging your child to use the potty every 30-45 minutes.
- Please send your child to childcare in a pull-up, with loose fitting clothing that they can manage independently. Try to avoid tight clothing, pants with snaps or buttons, overalls, and tight leggings.
- While in the beginning stages of potty training, staff will encourage your child to pull up and down their own pants and pull-ups, and to wipe themselves, assisting if necessary.
- Children and staff will also practice proper hand hygiene during the potty routine. Staff will wear gloves when assisting a child to wipe and will wash their hands after assisting each child. They will also ensure that the children practice proper hand hygiene by supervising their hand washing routine, ensuring they use soap and wash thoroughly.
- We cannot support the use of “treats” throughout the training process inside the classroom.
- The reason that the Preschool educators cannot support children wearing underwear full-time and having multiple accidents throughout the day is because of sanitary reasons, as well as maintaining us educator to child ratios; For example: if accidents must be cleaned up (1 educator will need to do this/with no children), children would need to help to be cleaned up and redressed (1 educator will need to do this/with 1 child) while the other children in the group are still in need of learning through play (1 educator left with 23 children).

### All Ages and Groups:

#### A fully Potty-trained child is a child who is able to:

- 1) tell adults they have to go potty before they have to go.
- 2) pull down their underwear and pants and get them back up without assistance.

## St. Thomas the Apostle Nursery School Parent Handbook

- 3) wipe themselves after using the Potty.
- 4) get on and off the potty by themselves.
- 5) wash and for two full weeks, and are able to meet the requirements, they are ready to say good-bye to the diapers and pull-ups!

We are on the same team!

**Let's do this together**

### **NUTRITION POLICY**

STTANS has a legislated obligation to develop a policy on children's nutrition that is consistent with the Ministry of Education's guidelines.

STTANS provides a variety of fruits, vegetables, cheese, crackers, and baked goods for snack time twice per day for our Full-day Toddler and Preschool programs and for our Kinder/School age program on PA days/ through the summer months. A morning snack is provided for the Nursery School program, and an afternoon snack is provided for the Kinder/School age children on school days.

Parents are invited to provide a special snack at any time during the year to help celebrate their child's birthday or other special events. Please speak to your child's educator first. However, all food brought to STTANS must be store bought, in the original packaging and be completely nut free.

Lunch is provided by our on-site chef for our full-day Toddler and Preschool programs.

The menu is posted in advance on the Parent's Bulletin Board and our online forum. The Ministry of Education, the agency responsible for licensing programs, and Ottawa-Carleton Regional Health Unit, oversee the menus. Snack and lunch items are chosen with the following chart in mind:

Food Groups (Attendance of 6 hours per day)	Amount offered
Milk and Milk Products	250-375 mls
Proteins	60-90 mls
Whole Grains	450 mls or 2.5 slices
Fruit and Vegetables	300 mls or 2.5 whole fruits

All Infant children must bring their own bagged lunches from home. These should include morning snacks, lunch, afternoon snacks and milk/formula. The lunch bag, and all containers must be labeled with your child's name. The combination of infant snacks and noon-time meals should be equivalent to the guidelines set out in the chart above.

Kinder/School age children must provide a nut free lunch on PA days and through the summer months. The combination of the snacks provided by STTANS on these days and the noon-time meals provided from home should be equivalent to the guidelines set out in the chart above.

Staff will be vigilant regarding the content of bagged lunches (both Infant and Kinder/School age) and advise parents when staff have concerns regarding the nutritional adequacy of the lunches. Please also pack lunches according to the policy of the center and individual

## St. Thomas the Apostle Nursery School Parent Handbook

classrooms' allergies. (I.e.: All classrooms require lunches to be peanut and tree nut free, certain classrooms have additional anaphylactic allergies that will be communicated to parents on an as needed basis.)

### ANAPHYLACTIC ALLERGIES AND OTHER FOOD RESTRICTIONS/DIETARY RESTRICTIONS

While STTANS is a peanut and tree nut free environment, we do share our food preparation space with St Thomas the Apostle Church, who do not have the same policy.

If your child has a life-threatening allergy, we ask that you provide all food for your child. This includes lunch and both morning and afternoon snacks.

Similarly, if your child has food restrictions such as Lactose Intolerance, or consumes a special diet (i.e.: Vegan, Vegetarian, Pescatarian, Halal or no Pork) parents need to provide all meals for your child including snacks and lunches. If the snack or lunch that is being offered that day aligns with your child's diet, they can be encouraged to try it if you would like, however, since menu changes are spontaneous in nature, it is imperative your child bring their lunch and snacks every day. Once again, snacks and lunches should follow the center and individual classrooms' allergies. (I.e.: All classrooms require lunches to be peanut and tree nut free, certain classrooms have additional anaphylactic allergies that will be communicated to parents on an as needed basis.)

STTANS on-site chef has a limited amount of time to prepare snacks and lunches for the children and therefore, will not be able to cater to individual children's dietary requests.

### ALLERGY INFORMATION

Perfumes and scented products are common allergens. Some of the children and staff members are sensitive or allergic to these products. Parents should refrain from using colognes or perfumes before entering the school. Children should not wear scents in school.

St. Thomas the Apostle Nursery School enforces a nut-free policy. **Do not provide snacks that may contain nuts or nut products.** If your child has an allergy or intolerance, please be sure to speak to the director for the appropriate important forms and information to be filled out and shared. If your child has an allergy, intolerance, or special diet, you are required to provide your child's food daily for all snacks and meals. \*\*\*\*\*Please note: no fee reductions are given in these circumstances

### HEALTH AND MEDICATION

Health regulations state that a child with fever, vomiting, and/or diarrhea may only attend school after being **symptom-free for 48 hours**. Please think of your child's sickness as this, if your child is not well enough to participate fully in the program (outside etc.), your child is not well enough to be at school.

Upon arrival, children are checked for colds or other signs of illness. If they appear ill or become ill during school hours, a staff member will call the parent to pick up the child immediately.

Please report to the school if your child has a communicable disease such as chicken pox, head lice, conjunctivitis, and impetigo or has experienced vomiting or diarrhea.

### **Lice/Nits Policy**

Our staff will do routine checks for lice/nits if outbreaks occur. We will call families for immediate pickup if your child is found with lice/nits to prevent further spreading. The child must

## St. Thomas the Apostle Nursery School Parent Handbook

be treated immediately for nits/lice and the process must be repeated within 7-10 days. The child may return to STTANS when they are lice and nit free.

**In most cases, the decision to call a parent of a sick child is made when the child exhibits:**

- An elevated temperature
- An upset stomach or vomiting
- An intestinal disturbance with diarrhea
- Any unexplained fatigue, irritability, or loss of appetite
- Any odd discharge or drainage from the eye, nose, ears or open sores
- Signs of newly developed cold or indications that a cold is getting worse
- Severe coughing
- After receiving a general anesthetic
- Contraction of a contagious condition such as head lice, pink eye, diarrhea, etc.
- An inability to participate in the program because of illness

### MEDICATION

We are required by law to obtain written permission to administer prescription medication. If your child requires medication, forms must be completed with the parent's signature.

All medication must be in an original container as supplied by a pharmacist. The container must be clearly labeled with the child's name, name of the medication, the dosage of the medication, date of purchase, an expiration date of medication and clear instruction for the administration and storage of the medication. All medication must include the possible side effects and treatment.

We store all medication in a locked, metal container in the fridge or cupboard, except for EpiPens and inhalers.

**Note:** The responsibility for the administration of medication involves certain elements of risk. Unexpected consequences including, but not limited to illness, adverse reactions or other complications may occur because of the administration (or non-administration) of any medication. The physical reactions result from the medication and can occur without fault on either part of the student of STTANS or its employees or Board of Directors. By requesting and consenting to the administration of medication by STTANS to your child, you are assuming the right of an expected reaction occurring. It is understood that the chances of such a reaction may be reduced by carefully following the instructions always provided by you and/or the pharmacy (as per physician's prescription). If you consent to the administration of the medication to your child by STTANS, you must understand that you, and not STTANS, bear sole responsibility for any physical reaction that might occur.

### CLOTHING AND BELONGINGS

Clothing for school should be simple, comfortable, washable, and suitable for energetic and active play. Despite our art and water play aprons; the children may come home with occasional paint marks. We do purchase washable supplies however we have found that dyes and clothing have reacted differently throughout the years, preparing for your child enjoying a messy environment.

The children should always have indoor and outdoor shoes at school. The floors and equipment can be slippery, so rubber-soled footwear is recommended. Slip-on shoes or Velcro-strap shoes

## *St. Thomas the Apostle Nursery School Parent Handbook*

are easier for the children to manage and encourage independence however we are happy to help when children are developmentally ready to learn to tie their shoes!

All children in all groups have outside play each day, weather permitting. Please make certain that your child is appropriately dressed in splash pants and/or snow pants, boots, mittens (no gloves), winter hat and a sunhat in the warmer weather. For safety reasons, please ensure that children do not wear scarves, mittens with strings or clothing that has dangling strings.

Label all clothing that comes to school with your child's name on them. Some children do not recognize their own clothing so please check that the clothes they are wearing are in fact their own. We discourage children from bringing their own toys and possessions to STTANS unless specifically requested. Children often find it difficult to share their favorite toy from home and toys could get misplaced or damaged.

We encourage and teach the children to dress themselves. Please make sure your child's clothing and footwear is easy for them to put on and take off independently.

### **FIELD TRIPS**

Field trips are an important part of the program planning in an Early Learning Program. They are designed to meet the children's developmental needs and to enhance the projects/activities which the children enjoy in their daily program.

The Child Care and Early Years Act requires programs to inform parents of all field trips in advance, to allow parents sufficient time to sign a consent form to permit their child/children to participate in each individual trip. The Child Care and Early Years Act is also very specific in its requirements of Child/Educator ratios, which thus dictates full participation in those field trips planned for the entire enrolment.

Should circumstances (i.e., health, etc.) prevent a child's participation in a field trip, it is the parent's responsibility to arrange alternate care. For field trips in which the entire group of children is to participate, it is impossible for the program to provide alternate care and still meet the Child Care and Early Years Act regulations. According to City of Ottawa guidelines, parents are charged fees on an enrolment basis, thus fees cannot be reimbursed for such days.

For field trips, transportation (if required) will be by chartered bus. Special permission for children to participate will be required on such occasions. **Children cannot be dropped off or picked up during the field trip.**

### **FIRE SAFETY AND EMERGENCIES**

As per fire department regulations, fire drills are conducted with the children monthly.

In case of an emergency to your child, your child will be taken to the Children's Hospital of Eastern Ontario, on Smyth Road. Your signature (including digital signature) on the Registration forms indicates your acceptance of this arrangement.

If it is necessary to vacate the building due to fire or other emergency, the children will be taken to Ellwood House, 2270 Braeside Ave. 613-521-5151. Parents will be notified via phone or email as soon as possible. STTANS has Emergency Management Policies and Procedures reviewed yearly by all staff and volunteers.

# St. Thomas the Apostle Nursery School Parent Handbook

## TRANSPORTATION AND PARKING

Transportation to and from the school is the responsibility of the parents. Some parents may be interested in arranging carpools. Consult your insurance agent regarding adequate coverage when transporting children other than your own.

Parking for parents is permitted at the front and side of the church **only**. The parking lot on the East side of the building is private and is for the residents of Ellwood House. Stopping or parking **IS NOT PERMITTED** in this area.

Parking is also forbidden in areas expressly designated for the disabled except by permit.

## DONATIONS

STTANS welcomes donations from parents throughout the school year. Napkins, Crackers, Fresh Fruit, Fresh Vegetables, Cheese, Kleenex, Baby Wipes, Diapers etc. are appreciated.

## FUNDRAISING

Each year we actively fundraise to purchase items, which would benefit the children and are not covered by our regular budget. Understanding that parents have limited time, these fundraising events are kept to a minimum and are simple, fun, and practical. If you have a fundraising idea or would like to coordinate an event, please don't hesitate to contact the Director with your ideas. Fundraising activities always need a parent to coordinate them, and we would appreciate your help in whatever capacity you are able.

## LICENSING AND STANDARDS

The Ministry of Education licenses St. Thomas the Apostle Nursery School. The Child Care and Early Years Act 2014 set the standards for health and safety, fire protection and qualified staff and equipment.

The license permits enrollment of:

- Infant Program - 10 children ages 0-18 months
- Toddler Program – 14 children ages 18-30 months
- Nursery School Program-14 children ages 2.5-5 years (can be 20% of younger group)
- Preschool Program - 24 children ages 2.5-5 years
- Kinder/School – 14 children ages 3.8-10 years
- School age - 30 ages 5.5 - 13 years

A Program Supervisor makes annual inspections from the Ministry of Education as well as a Fire Inspector and a Health Inspector from the Regional Health Unit. As of September 30, 1999 - licensed day nurseries are required to meet the standards outlined in the new CSA Standard, CSA Z614-98. Programs are required to develop a comprehensive playground policy that outlines the procedures that will maintain a safe outdoor play area. STTANS' playground policy adheres to the required standards that ensure the outdoor play area is always clean and safe.

## STAFF

The Executive Director of STTANS is a registered Early Childhood Educator, and all staff are either Registered Early Childhood Educators or have related training and experience. All staff are certified in CPR/First Aid and have their vulnerable sector check. Our Staff are encouraged to continue their education through courses, workshops, and conferences.

## *St. Thomas the Apostle Nursery School Parent Handbook*

Registered Early Childhood Educators are members of the College of Early Childhood Educators, as members of this association; a Code of Ethics binds them. STTANS offers learning opportunities for college students in the Early Childhood Education programs as well as high school students in the co-op programs. These students come to our program to gain experience in working with young children. Please see our policy for supervision of Volunteers and Students below.

### **VOLUNTEERS**

We welcome volunteers. All volunteers are legally required to obtain a vulnerable sector check if volunteering in the program with the children. If you would like to volunteer with us but will not be in contact with the children (i.e.: BOD) you will need a letter from the director, then you will require a criminal records and judicial matters check. These can be done at your local police department for a minimum charge or online at [www.ottawapolice.ca](http://www.ottawapolice.ca). You will need photo identification that has your name, date of birth and address. Parents are encouraged to do this before the school year begins as the process could take a long time depending on how busy the department is.

After you have received your first VSC or your first CRJM, every year after, if you are still volunteering with us, you are required to fill out an attestation that we will provide to you. On the fifth year of your volunteer time with us, we will require a new VSC or new CRJM.

Parents are welcome to visit the school at any time. We encourage active participation in the program by parents and invite them to share customs or traditions. Parents may also assist in any of the school's planned activities, to demonstrate skills related to their hobbies or work, or to help with the various fundraising activities. Of course, covid-19 had changed a lot of our protocols within the center so please keep up to date with those by asking the educators.

### **SUPERVISION OF VOLUNTEERS & STUDENTS POLICY**

#### **Intent:**

- To help support the safety and well-being of children in licensed child care centers.
- To provide direction to childcare centers regarding the supervision of volunteers and Placement students.
- To require childcare centers to develop and implement a policy for the supervision of volunteers and placement students in their centers.

#### **Requirements:**

- Prohibited Practice policies and procedures- to be reviewed with volunteers and students before they begin providing care, and annually thereafter. Signatures are required and kept for 2 years.
- A written procedure for monitoring Prohibited Practice practices is in place.
- Individual plans for children with anaphylaxis and the emergency procedures are reviewed prior to commencement of care, and annually thereafter.
- Criminal reference checks are required for all volunteers.
- The center has an "open-door" policy, so parents are considered guests/visitors when in the center or when attending field trips.

## *St. Thomas the Apostle Nursery School Parent Handbook*

- Students are required to have criminal reference checks through community colleges and universities prior to commencing placement in childcare centers. The vulnerable sector check needs to be performed within the last 5 years and offense declarations or attestations are documented every year after, no later than 15 days after the anniversary date of the more recent offense declaration or attestation if the person continues to provide such childcare services.
- Our center director is required to verify that personnel who are employed by or contracted with outside organizations (e.g.: special needs resource consultant, bus drivers, etc.) or individuals (a psychiatrist contracted with a parent) - have completed background screening prior to interacting with children in the program.
- A new criminal reference check is required before every fifth anniversary after the date of the most recent vulnerable reference check.
- Any person from whom volunteers or works with our center is required to obtain a vulnerable sector check is required to provide the center with an offense declaration, as soon as reasonably possible, any time he or she is convicted of an offense under the Criminal Code (Canada).

### Policy Statements:

- No child will be supervised by a person less than 18 years of age.
- Only employees will have direct unsupervised access to children.
- Volunteers and students will not be counted in the staffing ratios.
- All volunteers and students will be required to read program policies and procedures and to sign an acknowledgement form.
- The expectations of volunteers and students are provided in detail in the personnel manual.
- The roles and responsibilities of the supervising staff are provided in detail in the personnel manual.
- The operator is required to review the policy annually.
- The operator shall ensure that the policy is reviewed with employees before they begin their employment and at least annually thereafter, and with volunteers or students who will be providing care or guidance at the center before they begin providing that care or guidance and at least annually thereafter.

### MANDATORY- POLICE CHECK FOR VOLUNTEERS

**\*\*\*\*Volunteers** – Any individual who is engaged in the childcare program and interacts with children in care, but is not paid by the licensee, is considered a volunteer. In this instance, a volunteer would require a vulnerable sector check.

Examples of Volunteers who require a Level 2 criminal Records and Judicial Matters check.:  
Parents assisting on an occasional or recurring basis with items such as the board of directors or items not involving interacting with the children.

### CHILD GUIDANCE and PROHIBITED PRACTICES

## *St. Thomas the Apostle Nursery School Parent Handbook*

Educators work together to help the child develop his/her sense of self-discipline. The Educators recognize the importance of stressing the positive with children, redirecting them as much as possible. Limits are expressed clearly to the children with reasons and consequences.

Neither physical nor verbal punishments, withdrawal of love or affection are used to discipline the children. We ask you to respect these guidelines while in the program. The method of adult intervention used allows for decision-making and self-discipline on the part of the child resulting in a positive, rather than a negative, experience.

The goal of behavior guidance strategies is to assist the children in developing self-control, self-confidence, and respect in their interactions with others and the environment.

### **PREFERRED BEHAVIOR GUIDANCE PRACTICES**

#### **Plan the Environment**

The environment includes elements of space, time, and materials.

When space is carefully planned children can work and play more comfortably and harmoniously. Space, which is aesthetically pleasing, ordered, and organized, contributes to good mental health, and diminishes potential problems.

Schedules and routines serve as a framework from which children gain trust, security, and order. To meet children's needs we must plan an appropriate balance between active and restful periods, individual and group activities, educator initiated and child-initiated activities.

#### **Materials**

Ensure toys and materials are in good supply, are well organized and are age appropriate. This will help children to develop autonomy, to resolve problems with peers and to become involved in productive learning experiences.

### **VERBAL GUIDANCE AND REDIRECTION**

Focus on the behavior, rather than the child. Use positive messages in a consistent manner.

Set appropriate expectations for the developmental levels of the children. Channel the child's energy to another area.

Ignore inappropriate behavior that is not dangerous. Provide frequent positive verbal reminders. Provide positive reinforcement of desired behaviors. Redirect a child who is not managing to a closely supervised activity. Discuss and explain all consequences of inappropriate behaviors.

### **PREVENTION**

Staff need to be aware of potential problems and work towards preventing difficulties before they arise. Establish close physical proximity when it appears that a child or group of children may be losing control. Position staff throughout the room or play yard so that all areas of the room or yard are visible.

Arrange furniture, toys, and equipment so that lines of vision are left open. Personal chatter and business are not permitted while supervising children. Use the Buddy system for children leaving the rooms (Kinder/School Age). No more than two children are permitted to leave the room at one time. Personal safety will be discussed with the children on an ongoing basis.

### **MONITORING**

## St. Thomas the Apostle Nursery School Parent Handbook

1. Compliance and contravention are monitored closely, and staff must sign off quarterly stating that they are adhering to policies and procedures.
2. All staff must read, date, and sign all policies of the Center as a condition of employment, and annually thereafter. Regular classroom, playground and field trip observations of staff, students and volunteers interacting with the children will be conducted by the Executive Director/Program Supervisor of the Center. Observations are done on a daily/casual basis, with their awareness of the process. Meetings with individual staff are held to assist and support staff in developing critical reflection skills. The Executive Director/Program Supervisor will provide support to guide staff where necessary.
3. Staff evaluations take place within the first three to six months for every new employee and are conducted annually thereafter. All reviews are documented.
4. Collaborative inquiry practices are discussed at regularly scheduled staff and team meetings, and strategies developed together. This is a means to question theory and practice, discuss ideas, test theories, and share ideas. A written record is kept of all meetings.
5. All records related to the signing and reviews of policies will be retained at the Center for a minimum of two years.

### PARENT ISSUES AND CONCERNS POLICY AND PROCEDURES

Parents/guardians are encouraged to take an active role in our childcare center and regularly discuss what their child/children are experiencing with our program. As supported by our program statement, we support positive and responsive interactions among the children, parents/guardians, childcare providers, and staff, and foster the engagement of and ongoing communication with parents/guardians about the program and their children. Our staff is available to engage parents/guardians in conversations and support a positive experience during every interaction.

All issues and concerns raised by parents/guardians are taken seriously by STTANS and will be addressed accordingly. Every effort will be made to address and resolve issues and concerns to the satisfaction of all parties and as quickly as possible.

Where parents feel that policies are not being followed, the Executive Director is to be notified first either verbally or in writing as soon as parents/guardians become aware of the situation. The Executive Director will respond to the notification within 3 business days or as soon as reasonably possible thereafter. If the Executive Director is unavailable to respond within the 3 business days or as soon as reasonably possible thereafter, the designate will respond in lieu.

## *St. Thomas the Apostle Nursery School Parent Handbook*

If the outcome of the response is unsatisfactory, the parent must then formally state their grievance in writing to the Executive Director. The Executive Director will then respond in writing within 3 business days or as soon as reasonably possible thereafter.

If the outcome of the response is still unsatisfactory the parent involved may approach the Board by providing the board with proof of the second notification to the Executive Director. A letter of explanation from the parent must be sent to the Board at least one week in advance of the meeting. The Board will then review the matter and as necessary, arrange for statements from the parties involved and will respond in writing within 2 weeks or as soon as reasonably possible thereafter.

If the grievance is not resolved in the two weeks or as soon as reasonably possible thereafter following the Board meeting, the parent has the right to request a special meeting of the Board. The Board will schedule a special meeting within a month or as soon as reasonably possible thereafter of receiving the request and all parties may also seek external professional advice.

At this meeting a decision will be made, and all parties concerned will be notified, in writing of the decision. Investigations of issues and concerns will be fair, impartial, and respectful to all parties involved.

### **CONFIDENTIALITY**

Every issue and concern will be treated confidentially, and every effort will be made to protect the privacy of parents/guardians, children, staff, students, and volunteers, except when information must be disclosed for legal reasons (e.g., to the Ministry of Education, College of Early Childhood Educators, law enforcement authorities or a Children's Aid Society).

### **CONDUCT**

Our center maintains high standards for positive interaction, communication, and role-modeling for children. Harassment and discrimination will therefore not be tolerated from any party.

If at any point a parent/guardian, provider or staff feels uncomfortable, threatened, abused, or belittled, they may immediately end the conversation and report the situation to the supervisor and/or licensee.

### **RESPECTFUL WORKPLACE (HARASSMENT PREVENTION)**

At STTANS, the health and safety of our employees is paramount. Priority is given to protecting our employees and our visitors from harassment and discrimination. Such conduct interferes with everyone's ability to perform their job and is not in keeping with the Centre's philosophy of trust and mutual respect.

By working together and giving the utmost attention to the safety and well-being of each other, we will meet our shared objective of a healthier and safer working environment for all.

STTANS' employees are entitled to be treated with dignity and respect and have a work environment free from harassment and discrimination as prescribed by The Human Rights Code in Ontario and the Occupational Health and Safety Act. This policy applies to all employees and agents / representatives of STTANS while in the workplace, during work-related field trips or travel, or during any work-related and/or social functions.

## *St. Thomas the Apostle Nursery School Parent Handbook*

## Safe Arrival & Dismissal Policy

Effective January 1, 2024  
Version 1.4 (2024-01-08)

### 1. Accepting a child into care

When accepting a child into care, program staff must:

- ✓ greet the parent/guardian and the child;
- ✓ if shared by (or discussed with) the parent/guardian, document any one-time change to pick-up procedure during the child's check-in process on DigibotGO;
- ✓ check-in the child on DigibotGO.

### 2. When a child has not arrived in care as expected

When a child does not arrive at the centre, and the parent/guardian has not reported the absence in advance via the parent portal, program staff will receive a notification on the DigibotGO staff app requesting confirmation that the child has not arrived. This notification will be triggered as follows:

- **For school-age programs in the morning:** at the time of transition to school (bell time)
- **For school-age programs in the afternoon:** 15 minutes after transition from school (bell time)
- **For infant, toddler and preschool programs:** 180 minutes (3 hours) after the centre opens

If program staff does not confirm the child's absence within 15 minutes and/or if their DigibotGO device is offline, the site supervisor will be required to confirm the child's absence.

- **If the child's absence has been confirmed by program staff within this time:** authorized parents/guardians will receive a notification asking them to confirm the child's presence or absence. If parents/guardians do not confirm the child's absence within 20 minutes of the notification being sent, the incident will be escalated to the site supervisor (or designate), who will personally attempt to contact each person listed on the child's emergency contact listing in the sequence identified in the child's file.

## Politique en matière d'arrivée et de départ sécuritaire

En vigueur le 1 janvier 2024  
Version 1.4 (2024-01-08)

### 1. Accepter un enfant dans le centre de garde

Lorsqu'ils acceptent un enfant dans le centre de garde au moment où on le dépose, les membres du personnel chargés du programme doivent:

- ✓ accueillir le parent/tuteur et l'enfant;
- ✓ si partagé par le parent/tuteur, documenter le changement de procédure de prise en charge pendant le processus d'enregistrement sur DigibotGO;
- ✓ inscrire l'enfant comme présent sur DigibotGO.

### 2. Lorsque l'enfant n'est pas arrivé au centre de garde comme prévu

Lorsqu'un enfant n'arrive pas au service de garde et que le parent/tuteur n'a pas signalé son absence à l'avance via le portail des parents, le personnel éducateur recevra une notification sur l'application DigibotGO demandant de confirmer que l'enfant n'est pas arrivé. Cette notification sera déclenchée comme suit:

- **Pour les programmes d'âge scolaire le matin:** à l'heure de transition vers l'école (cloche)
- **Pour les programmes d'âge scolaire en après-midi:** 15 minutes après la transition de l'école vers le service de garde (cloche)
- **Pour les programmes en garderie (poupons, bambins et préscolaires):** 180 minutes (3 heures) après l'ouverture du centre

Si le personnel éducateur ne confirme pas la présence de l'enfant dans le délai de 15 minutes et/ou si l'appareil DigibotGO est hors ligne, le superviseur du site (ou personne désignée) sera tenu de confirmer l'absence de l'enfant.

- **Si l'absence de l'enfant a été confirmée par le personnel du programme dans ce délai:** les parents/tuteurs autorisés recevront une notification leur demandant de confirmer la présence ou l'absence de l'enfant. Si les parents/tuteurs ne confirment pas l'absence de l'enfant dans les 20 minutes suivant l'envoi de la notification, l'incident sera escaladé au superviseur de site (ou personne désignée), qui tentera personnellement de contacter chaque personne figurant sur la liste des personnes à contacter en cas d'urgence, dans l'ordre indiqué dans le dossier de l'enfant.

Once the incident reaches the site supervisor (or designate), they will determine next steps based on situational factors. The site supervisor (or designate) will document all interactions in the Digibot-generated incident report – including phone calls, voicemails, emails, conversations with the school and any contact with third party agencies – as these occur.

The incident will be considered resolved if, at any point, the child's check-in or absence is properly recorded.

### 3. Releasing a child from care

Staff supervising the child at the time of pick-up must only release the child to a parent or authorized contact listed on the child's Digibot contact listing available in the DigibotGO staff app or on the child's printed emergency card. During the first three (3) interactions between a staff member and a parent/emergency contact, the DigibotGO staff app will require the staff to confirm the person's identity:

- by checking with another staff member, or;
- by checking the person's photo identification.

If the person is not listed as an authorized contact for pick-up, program staff must obtain authorization in person or verbally (by telephone, walkie-talkie, intercom, etc.) from the site supervisor or an SADP lead to release the child to this person. In this case, an automated email will be sent to parents/guardians to document the interaction and remind them to add the emergency contact via the portal.

### 4. When a child has not been picked up upon centre closing

If a child's pick-up has not been recorded by the centre's closing time, an incident will be generated and will be escalated to the site supervisor (or designate), who will personally attempt to contact each person listed on the child's emergency contact listing in the sequence identified in the child's file.

If no parent/guardian or emergency contact can be reached within 60 minutes, the site supervisor (or designate) will determine next steps based on situational factors. In some cases, these next steps can include contacting one or more external agencies for guidance.

The incident will be considered resolved if, at any point, the child's dismissal (check-out) is properly recorded.

- **Si l'absence de l'enfant n'est pas confirmée par le personnel du programme dans ce délai:** l'incident est escaladé au superviseur de site (ou personne désignée), qui tente personnellement de contacter chaque personne figurant sur la liste des personnes à contacter en cas d'urgence, dans l'ordre indiqué dans le dossier de l'enfant.

Une fois que l'incident est escaladé au superviseur de site (ou personne désignée), celui-ci déterminera les prochaines étapes en fonction de la situation et des particularités. Le superviseur de site (ou personne désignée) documentera toutes les interventions dans le rapport d'incident généré par Digibot – y compris les appels téléphoniques, les messages téléphoniques, les courriels, les conversations avec l'école et tout contact avec des agences tierces – et ce au fur et à mesure qu'elles sont effectuées.

L'incident sera considéré comme résolu si, à tout moment, l'arrivée ou l'absence de l'enfant est correctement enregistrée.

### 3. Départ de l'enfant du centre de garde

Le personnel qui supervise l'enfant au moment de la prise en charge ne doit remettre l'enfant qu'à un parent ou à un contact autorisé qui figure sur la liste des contacts Digibot de l'enfant, celle-ci figurant dans l'application DigibotGO ainsi que sur la fiche d'urgence imprimée de l'enfant. Lors des trois (3) premières interactions entre un membre du personnel et un parent/contact d'urgence à la prise en charge, l'application DigibotGO exigera à ce que le membre du personnel doive obligatoirement confirmer l'identité de la personne, soit:

- en vérifiant auprès d'un autre membre du personnel, ou;
- en consultant une pièce d'identité avec photo.

Si la personne qui arrive ne figure pas sur la liste des personnes autorisées à venir chercher l'enfant, le personnel éducateur doit obtenir l'autorisation en personne ou verbalement (par téléphone, walkie-talkie, intercom, etc.) du superviseur du site ou d'un responsable PADS pour remettre l'enfant à cette personne. Dans ce cas, un courriel automatisé sera envoyé aux parents pour documenter l'interaction et leur rappeler d'ajouter le contact via le portail si nécessaire.

### 4. Lorsque l'enfant n'a pas quitté le centre de garde à la fermeture

Si le départ de l'enfant n'a pas été enregistré avant l'heure de fermeture du centre, un incident sera généré et escaladé au superviseur de site (ou personne désignée), qui tentera personnellement de contacter chaque personne figurant sur la liste des personnes à contacter en cas d'urgence, dans l'ordre indiqué dans le dossier de l'enfant.

Si aucun parent/tuteur ou personne à contacter en cas d'urgence ne peut être joint dans les 60 minutes qui suivent, le superviseur de site (ou personne désignée) déterminera les prochaines étapes en fonction de la situation et ses particularités. Dans certains cas, ces prochaines étapes peuvent consister à contacter un ou plusieurs organismes externes pour obtenir des conseils.

L'incident sera considéré comme résolu si, à tout moment, le départ de l'enfant est correctement enregistré.

## 5. SADP Incident Reports

Every time SADP steps are engaged, regardless of level, an SADP incident report will be generated. Incident reports will require an electronic signature from the site supervisor as well as a parent/guardian. At the centre's discretion, several high-level incidents may result in further warnings and/or termination of childcare services.

## 6. Dismissing a child from care without supervision

Staff will only release the child to a parent or authorized contact listed on the child's Digibot contact listing available in the DigibotGO staff app or on the child's printed emergency card. Under no circumstances will children be released from care without supervision.

## 7. Parent/Guardian Responsibilities

Parents/guardians agree to:

- ✓ report their child's absence in advance via the parent portal;
- ✓ maintain their child's updated emergency contact listing via the parent portal;
- ✓ notify program staff of any punctual changes to their child's daily drop-off or pick-up procedures.

## 8. Program Staff Responsibilities

Program staff agrees to:

- ✓ adequately and accurately complete the child's check-in and check-out process;
- ✓ complete SADP attendance validation when prompted;
- ✓ complete identity verification when prompted.

## 9. Disclaimer

The purpose of this policy is to implement procedures to ensure the safe arrival and departure of children. It relies on the participation and collaboration of parents/guardians, program staff and management staff to function optimally. In addition, the organization uses several Digibot technological tools and features to support the implementation of this policy. Some factors may affect the implementation of these procedures, the accuracy of the information dispatched and/or the triggering of these automated processes - including power outages and/or network failures, equipment malfunction and manual oversights or errors. The childcare centre and Digibot will not be held responsible in the event of such a situation. Furthermore, as this policy stems from brand new requirements of the *Child Care and Early Years Act, 2014* (Regulation 325/23 section 5, Regulation 137/15 section 50), the childcare centre and Digibot reserve the right to modify the policy at any time with reasonable notice.

## 5. Rapports d'incidents PADS

Chaque fois que la PADS automatisée est activée, quel que soit le niveau, un rapport d'incident PADS sera généré. Les rapports d'incidents exigeront une signature électronique du superviseur du site ainsi que d'un parent/tuteur. À la discrétion de l'organisme, plusieurs incidents de niveau supérieur peuvent donner lieu à d'autres avertissements et/ou à la cessation des services de garde de l'enfant.

## 6. Départ de l'enfant du centre de garde sans supervision

Le personnel autorisera le départ de l'enfant uniquement à un parent ou à un contact autorisé qui figure sur la liste des contacts Digibot de l'enfant, celle-ci figurant dans l'application DigibotGO ainsi que sur la fiche d'urgence imprimée. En aucun cas l'enfant ne pourra quitter le programme sans surveillance.

## 7. Responsabilités des parents et tuteurs(trices)

Les parents et tuteurs(trices) s'engagent à:

- ✓ signaler l'absence de leur enfant à l'avance via le portail des parents;
- ✓ maintenir le registre des personnes autorisées au dossier de leur enfant via le portail des parents;
- ✓ aviser le personnel éducateur de tout changement ponctuel face à l'arrivée ou au départ quotidien de leur enfant.

## 8. Responsabilités du personnel éducateur

Le personnel éducateur s'engage à:

- ✓ compléter le processus d'arrivée et de départ de l'enfant;
- ✓ compléter la validation de l'assiduité PADS selon les délais prescrits;
- ✓ effectuer les vérifications de l'identité des personnes venant chercher l'enfant si celles-ci sont exigées.

## 9. Décharge

Cette politique a pour but de mettre en œuvre des procédures visant à assurer l'arrivée et le départ sécuritaire des enfants. Celle-ci dépend de la participation et la collaboration des parents et tuteurs(trices), du personnel éducateur et du personnel de gestion pour fonctionner de façon optimale. De plus, l'organisme utilise plusieurs outils et mécanismes technologiques Digibot pour appuyer la mise en œuvre de cette politique. Certains facteurs peuvent affecter la mise en œuvre de ces procédures, l'exactitude des renseignements diffusés et/ou le déclenchement de ces processus automatisés - y compris des pannes électriques et/ou de réseau Internet, des défauts au niveau des équipements et des oublis manuels ou erreurs. Le service de garde et Digibot ne seront pas tenus responsables dans l'éventualité d'une telle situation. De plus, cette politique dérivant d'une toute nouvelle exigence à la Loi de 2014 sur la garde d'enfants et la petite enfance (Règlement 325/23 article 5, Règlement 137/15 article 50), le service de garde et Digibot se réservent le droit de modifier celle-ci à tout moment, et ce en fournissant un avis avec délai raisonnable.
